DETAILED ACTION

1. This office action is in response to Amendment filed on June 21, 2004.
2. Claims 1 and 2 have been amended in Paper No. 3.
3. Claims 1 – 4 are presented for examination.

This application is in condition for allowance except for the following formal matters:

Drawings

4. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(4) because reference characters "2" and "4" (figs. 1, 4A – 7C) have both been used to designate "first insulating film"; and characters "3" and "5" (figs. 1, 4A – 7C) have both been used to designate "second insulating film". A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Specification

5. The specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. See 37 CFR 1.75(d)(1) and MPEP § 608.01(o). Correction of the following is required: "first insulating film" has been used to designate "oxide film 2 and 4" (figs. 1, 4A – 7C); and "second insulating film" has been used to designate "nitride film 3 and 5" (figs. 1, 4A – 7C). See page 6, line 20+

Suggest changing: change " first insulating film" to -- first type insulating film --;
change " second insulating film" to -- second type insulating film --.

Claim Objections

6. Claims 1 – 4 are objected to because of the following informalities: change " first insulating film" to -- first type insulating film --; change " second insulating film" to -- second type insulating film -- . Appropriate correction is required.
